KEY FEATURES

The TN13-5000SG / TN13-8600 series, provides optical class 1/1/1/2.

External control allows for quick and easy shade changes.

- ✧ 2 independent arc sensors
- ✧ Perfect 1/1/1/2 optical class (EN379)
- ✧ Superior comfort with the pivot style headgear
- ✧ Longer battery life
- ✧ 2 years warranty

Magnifying lens/Welding filter lens Holder

Helmetbag (Optional)

ORDERING GUIDE:

Helmet code + Welding filter code= Oder code

For example: Helmet TN13.01 + Welding filter ADF8600= TN13.01-8600

Filter Option	ADF5000SG	ADF8600(2)	ADF8600
Size of cassette	110×90×9mm (4.33"×3.54"×0.35")		
View size	92×42mm (3.62"×1.65")	92×42mm (3.62"×1.65")	98×45mm (3.86"×1.77")
Shade level	DIN4/9-13		
Switching time	1/25000S		
Delay Control	Adjustable from 0.2 S (fast) to 1.0 S (slow)		
Sensitivity control	"Low" to "High" Stepless adjustment		
UV/IR protection	Up to Shade DIN16 at all time		
Power supply	Solar Cells + Sealed Lithium battery	Solar Cells + replaceable Lithium battery	

ABOUT TYNOWELD

Hangzhou Tyno Electronic Technology Co., Ltd(TynoWeld™) has focused on top quality Auto darkening welding helmets and Welding goggles for over 20 years. Now have become one of the leading suppliers in China. The products that we produce meet the quality requirements as stipulated in CE EN175 EN379, ANSI Z87.1, CSA Z94.3, AS/NZS 1337.1 etc. Our products have been exported to America, Canada, Mexico, Germany, France, UK, Italy, Portugal, Spain, Sweden, Switzerland, Poland, Finland, Czech republic, Slovakia, Bulgaria, Russia, Ukraine, Australia, Brazil, Argentina, Chile, Uruguay, Korea, Japan, Thailand, Middle East, almost all over the world.

OUR SERVICE

The business of The Tyno Electronic Tech is manufacturing and selling high quality welding helmet, welding filter, and welding goggles. Our challenge is to meet the needs of our customers and to exceed their expectations.

Besides our existing products, we also can produce welding helmet and welding filter products according to the drawings or samples from our customers. We control the product quality critically for every step during the manufacturing from custom every single part.

OEM: Professional team for take photos, design color box, Carton, User manual etc.

ODM: Free to apply for patent protection, Certification service for free, Professional team to assist product design etc.
